The Public Policy and International Affairs Program (PPIA) is a not-for-profit that has been supporting efforts to increase diversity in public service for over 35 years. PPIA believes that public managers, policymakers, and community leaders who represent diverse backgrounds and perspectives best serve our society. To achieve this goal, PPIA has an outreach focus on students from groups who are traditionally underrepresented in leadership positions in government, nonprofits, international organizations and other institutional settings. *With over 4,000 alumni, the PPIA Fellowship is the single largest diversity initiative in U.S. higher education.*

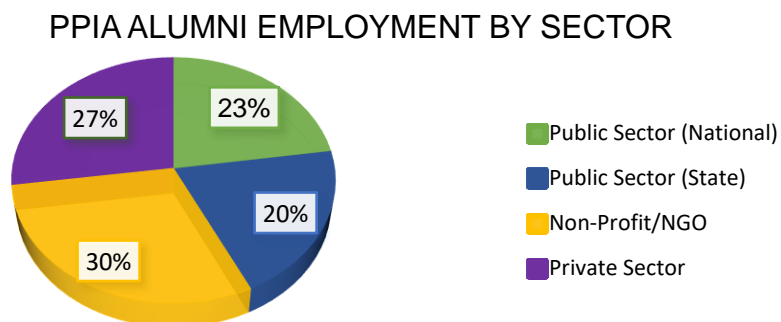

**PPIA Fellows represent a broad cross section of America...**

**Are building their capacity to make a difference by pursuing advanced degrees...**

**And they are making their mark in every sector!**
